Date:	Wed 11th September 2024	To be publicised in local papers?	No
Meeting Place:	Bairnsdale Club – 68 Nicholson Street	Meeting Time:	6:00 pm Dinner 7:00 pm presentation
Event Summary:	<p>Ever considered doing the AAWT? What is the AAWT? Is it easy or hard? What is the meaning of life?</p> <p>If you want the answer to these seemingly random questions, then the answer can be found by attending the BCWC Club night in Bairnsdale.</p> <p>Come along and listen to two of our regular members who recently completed the AAWT and discovered the real meaning of life during their adventure.</p> <p>Helmut & Piero will present a walk the walk, talk the talk and watch a film night about their experience in taking up the challenge of the Australian Alpine Walking Track.</p> <p>The Australian Alps Walking Track (AAWT) is a long-distance walking trail that passes through the alpine areas of Victoria, New South Wales and the ACT. It is 655 km long, starting at Walhalla, Victoria, and runs through to Tharwa near Canberra. The track weaves mainly through national parks, such as The Alpine National Park and Kosciuszko National Park, although it is not exclusively restricted to national parks. It ascends many peaks including Mount Kosciuszko, Mount Bogong, and Bimberi Peak, the highest points in NSW, Victoria and the ACT respectively. The AAWT crosses exposed high plains including the Victorian Bogong High Plains and the Main Range in NSW. To walk the whole trail can take between 3 and 8 weeks. Food drops or a support crew are necessary as the trail does not pass through any towns, although it passes close to the ski resorts of Mt Hotham, Falls Creek, Mt Baw Baw, Thredbo, Charlotte Pass and Perisher.</p> <p>Please Register your interest in attending with Monica by Monday 9th September so that we can confirm numbers with the Bairnsdale Club. (details below).</p>
