Walk Summary:	<p>This walk involves 1 day of easy walking along the Wellington River and 1 day of either relaxing at camp OR embarking on a mystery hike to explore the surrounding area.</p> <p>From Glenmaggie we travel to Licola and beyond to Red Box campsite located beside Tamboritha Rd and set up camp. We then travel a short distance to the start of the Wellington River track which follows the Wellington River towards the Valley of Destruction and Lake Tali Karng. However, we only walk 3.5 km before leaving the track and commence walking up the river for another 1km to reach Crolls Gorge.</p> <p>Crolls Gorge is a pleasant spot to explore and have lunch. Depending on the weather it is also a great swimming spot. So, bring your cozzies!</p> <p>After lunch we will explore the Gorge and walk up the river before deciding whether to return the same way or leave the river and make our way out of the Gorge to re-connect with Wellington River Track. This walk is relatively easy but does involve walking in the river so be prepared to get your feet wet.</p> <p>Upon return to camp, we will relax and explore.</p> <p>Day 2: There are several options available. The mystery hike will depend upon the weather and temperature. There are several options to choose from, but participants will only find out by attending. Those wishing to relax can stay at camp and explore the river or simply go fishing! After lunch we will return to camp and then pack up to head home.</p> <p style="text-align: center;">Please be advised: Registration with the Walk Leader is required for all walks.</p>
