<b>Walk Summary:</b>	<p>This walk will follow the Mitchell River from the Angusvale campground downstream to a point opposite Jurgenson Point and the point where Sandy Creek enters the Mitchell River. This is one of the few un-dammed rivers in Victoria with great rapids and plenty to look at, including rocky bluffs on the Eastern shore and remnant rainforest gullies on the Western shore. The walk follows the Western side of the river on a well-made track with great opportunities for photographs of the river and its surrounds. After lunch we will retrace our steps back to Angusvale.</p> <p>Topographical Map: Cobbannah - Tabberabbera 8322-N 1:50,000</p> <p><b>Registration with the Walk Leader, before the day of the walk, is required for all walks</b></p>
