This walk will follow the Mitchell River from Billy Goat Bend and the Amphitheatre downstream to Den of Nargun. The walk is on the Western side of the river on a made track which passes through numerous shady gullies. There are a few steep and slippery pinches coming out of the gullies, some of the track is high above the river with views of great rapids, rocky bluffs with plenty of photo opportunities. We will have lunch along the way somewhere.</p> <p>Please contact walk leader prior to the walk if intending to participate.</p>
